

Get Your Girl Back

Revisit What's Possible for Your Life

REAL SIMPLE

While 2014 was the year of *Lean In*, where women tuned into their career, 2015 is the year of *Get Your Girl Back*, where women tune into their life. "The quest to have it all has left women stressed out and exhausted. It's time we turn our focus from having IT all to OUR all with a much improved work-life blend" says Bild.

Get Your Girl Back is available August 3, 2015.
